Architecture student exploring the intersection of storytelling, technology, and human experience through spatial design, set design, and interdisciplinary collaboration

EDUCATION

Carnegie Mellon University, Pittsburgh, PA

08/2025 - 05/2030

Bachelor of Architecture, 4.00 GPA

- Activities: Elected Class Representative, *Student Advisory Council*; Editor, *Inter-punct Magazine*; Lighting Designer, *Scotch n' Soda Theatre Company*; Thrill Design Competition Team Member, *Theme Park Entertainment Group*; Member, *National Organization of Minority Architects*

RELEVANT EXPERIENCE

Architecture Intern, RCF Group

05/2026 - 08/2026

- Produced Shop Drawings and renderings using Configura CET and AutoCAD for clients in banking, healthcare, and the food industry, ensuring all program standards are upheld
- Received construction documents from clients and defined the scope of work
- Assisted with the design and documentation of interior demountable wall systems and shading solutions for clients
- Conducted on-site field measurements to verify project dimensions and ensure drawing accuracy throughout the design and construction process

Design Team, CMU Asian Student Association Carnival Booth

11/2025 - 05/2026

- Designed and constructed an award-winning full-scale temporary event structure for CMU Carnival, contributing to concept development, fabrication, and team coordination
- Contributed to the design of an immersive, story-centered event environment, translating a popular cultural theme into a large-scale physical experience for guests
- Balanced safety requirements, budget constraints, and tight production timelines while collaborating with a multidisciplinary student team

ADDITIONAL EXPERIENCE

First Year Architecture Class Representative, Student Advisory Board

08/2025 - 05/2026

- One of three nominated representatives, facilitating communication between the student body and the School of Architecture leadership
- Met monthly with faculty to discuss student concerns, institutional priorities, and opportunities for improvement.

Executive Board Member, Inter-punct Magazine

08/2025 - Present

- Coordinated workshops for editors, writers, and contributors
- Work directly with student authors and designers to develop graphics that complement written pieces, coordinate visual themes across the publication, and organize meetings and events that engage the broader campus community

AWARDS AND PUBLICATIONS

Published Researcher, "Algorithms, Architecture, and Action: The Evolving Role of AI in Cinematic Architecture," *WOVEN: An Interdisciplinary Journal of Dietrich College*

2026 Thrill Design Competition Finalist Team, Toronto Metropolitan University

Runner-Up, CMU Carnival Booth Awards, Asian Student Association Booth

2025 U.S. Presidential Scholar Semi-Finalist (620 selected nationally), United States Department of Education

SKILLS

Technical Design & Drafting: AutoCAD, Rhinoceros 3D, Revit, Bluebeam, Adobe InDesign, Photoshop, Illustrator, SketchUp, Microsoft Office Suite, Google Workspace, Unity, Notion, Miro, Canva, ChatGPT, 3D Rendering, KeyShot, Vectorworks

Collaboration & Communication: Public speaking, design critiques, communication, community engagement, organization, design-build coordination, bilingual workshop facilitation (English/Mandarin/Spanish/ASL), visual storytelling
